Red Cross Drive Slow In Starting

Weather Man To Blame

The drive for funds by the local Red Cross Committee is making slow progress. This is mainly due to the storm and cold weather that hit on the opening day of the drive with warmer weather in the offing however a considerable speed-up in collections is expected.

Great as are the demands of war Canadians still need the services of the Canadian Red Cross on the home front. Outpost hospitals across Canada's northern frontier must be maintained and travelling medical and dental clinics must visit thousands of settlers in sparsely settled regions. The good citizenship program of the Jr. Red Cross with its 600,000 members in High Schools and secondary schools must go on.

While the emphasis in Red Cross work at this time is on service to the men of Canada's armed forces and the relief of civilian and refugees in distress overseas. The peace time activities are so vital that they must be continued. There are for example the increasing number of first aid posts along the main highways of Ontario, Sask., Manitoba, and British Columbia which are saving many lives that would otherwise be lost through automobile accidents. There are thousands of visits made and services rendered to the soldiers of the present and the last war who were and are confined to their beds. Give and give generously when the collector calls.

RED CROSS HELPS PRISONERS OF WAR

Everyone who contributes to the current National Campaign for funds of the Canadian Red Cross can rest assured that it is more than worthwhile. The stories being told by repatriated men of the Forces returning from the twilight existence in enemy held territory testify to that.

The rationed dole out by the detaining powers are meagre, and without the weekly infuse of supplies through the Red Cross men behind barbed wire would soon weaken and sicken and become miserable.

Many lives have been saved. Many more will be saved. From the beginning of the wartime campaign for funds Canadians have made plain the fact that they feel that the Canadian Red Cross does take good care of our men overseas, our men in prison camps. This year with the war reaching its decisive phase Canadians are being asked to give a little more. The need is greater and the Red Cross depends on YOU.

A Poem For Today

GOSSIP TOWN,

Have you ever heard of Gossip Town,
On the shores of Falsehood Bay,
Where old Dame Rumour with rustling gown
Is going the liveliest day?

It isn't far to Gossip Town,
For people who want to go,
The Infamous Train will take you down
In just an hour or so.

The Thoughtless Road is a popular route,
And most folks start that way,
But they stop down grade if you don't look out
You'll land in Falsehood Bay.

You glide through the Valley of Vicious Talk,
And into the tunnel of Hate,
Then crossing the Anti-bridge, you walk
Right into the city gate.

The principal street is called They-say,
And I've Heard is the public well;

Mid Week Thought

FOR BUSY PEOPLE

Why YOU should PRAY and WORK for the salvation of the Jews.

- 1.—BECAUSE God loves them. Jer. 31: 3; Ezek. 34: 31; Rom. 11: 20-29.
- 2.—BECAUSE God commands you to do so. Psa. 122: 6; Isa. 62: 6-7, 10; Luk 24: 47.
- 3.—BECAUSE God will surely bless all who seek Israel's good. Gen. 12:1; Num. 24: 9.
- 4.—BECAUSE God is displeased with all who are indifferent to His people's welfare. Zech. 1: 11-14, 15; Sam. 12: 23.
- 5.—BECAUSE you owe them infinitely more than you can ever pay. Gen. 9: 4-8; John 1: 22.
- 6.—BECAUSE they are perishing "for lack of knowledge" which you might impart if you would. Isa. 53: 1; Hos. 4: 6; Rom. 10: 14-15.
- 7.—BECAUSE thereby you will prepare the way for the Lord's return for His Church, the national conversion of Israel, and the flooding of the earth "with the knowledge of the Lord as the waters cover the sea." Isa. 2: 2-4; Zech. 13: 1-3; Rom. 11: 12-15.

"Oh Christian Gentiles! can you hear
That clasp to your souls so dear,
And yet be sympathy from you,
To cheer the drooping, exiled Jew?"
"Or, can you hear our God's decree—
He shall be blessed that blesseth these—
And yet refuse the tribute due
To teach and bless the exiled Jew?"

The breezes that blow from Falsehood Bay
Are laden with Don't-You-Tell.

In the midst of the town is Tell-tale Park,
You're never quite safe while there,
Its owner is Madame Suspicious Remark,
Who lives on the street Don't Care.

Just back of the park is Slander Row—
'Twas there that Good Name died,
Pierced by a dart from Jealousy's bow,
In the hands of Envious Pride.
From Gossip Town Peace long since has fled,
But Trouble, Grief, and Woe,
And Sorrow and Care you'll meet instead,
If ever you chance to go.

Letters To The Editor

Editor, Bassano Recorder

Dear Sir—

ONE DAY IN A C. O. CAMP
Although friends and parents get many letters from how they are comparatively little of how everything is done here.
It all starts in the morning. At 6:00 o'clock first signs appear. A few of the more energetic rise, go to the wash house, freshen up by taking a good wash, and return to their bunks for a little study.
At 6:30 the morning group is heard calling those still sleeping to arise. Most of the boys answer the call by rising immediately, but a few still seem to have lots of time. They do away with about two minutes before the breakfast gong goes and then they rise. If the bell is a little early they are often compelled to put on a shirt and a pair of pants over their night gowns and go to breakfast that way.

It will be interesting to note that no meal is taken without first thanking the giver.
It takes only about fifteen minutes for the slowest to get through with his breakfast.

Then you should see them dress and who wouldn't if you had to ride in an open truck for fifteen miles over hills and through forest. Jackets, sweaters, scarfs, parkas, mitts and felt boots all have their place.

Arriving at the place of work, everyone finds his axe and saw and begins to warm up. The first few trees usually come down in a hurry. Some of the boys have a better method of warming up. They just light a fire.

While working the boys keep cheering themselves by saying the first ten years in the hardest or after the forest is cut down it will be all over with, or holiday with pay.

The haggled time seems to be when they can again mount the truck. Usually the driver is told to stop on it. The sooner they get back the better. We must mention here that traveling in these mountains is quite dangerous, and that we need special protection from above.

A real sight for sore eyes is that, when they all get back, why you can't tell whether they are white men or negroes.

In 15-20 minutes all the dirt is scraped off and they are ready for supper which of course is a real treat after a hard day's work and a long trip in the mountain air.

The evening is the best part of camp life. No one is to start and go visiting, always someone to talk to. Some write letters, others study, and still others practice the art of washing.
